SPARE COPIES _____

The Government in G.O. No. Ms. 1241, P.H., dated 25-3-1941 were pleased to sanction the extension of time for the preparation and submission of the General Town Planning Scheme to Government till 31-3-1942. A General Town Planning Scheme has been prepared to a scale of 1 mile = 660 feet and was shown to the Personal Assistant to the Director of Town Planning when he last visited this place. Then he suggested that all the topographical features and the existing details adopting suitable colouring to distinguish clearly the various developments should be shown in the map. Difficulty has been experienced to show all the existing details in the absence of --- proper up to date revenue sketches and as the size of the map prepared was ~~xx~~ found to be small. A map of bigger scale has been taken up for preparation for properly marking all the details and it will not be possible to submit the General Town Planning Scheme to the Government by 31-3-1942. Hence, the Council in its resolution No. 16 dated 6-2-1942 (copy enclosed) resolved to address the Government for the extension of time.

I, therefore, request that the Government may be pleased to extend the time up to 31-3-1943, as resolved by the Council, for the submission of the General Town Planning Scheme.
